

# Town of Colton's Summer Newsletter

## **Cleaning/Painting the Inside of the Water Tank:**

The town's water tank needs to be repainted on the inside. This project will cost about \$130,000 to \$150,000. The town has put in a new generator and pressure system for this project. To complete this project the town will only be able to run off the wells, while the water tank is drained, cleaned, sanded and repainted. It will take approximately 2 to 4 weeks to complete. The council has decided to do this next year right after school is out. During this period, the residents will be asked to curb their water use. We will send out more information when we gets closer to doing this project.

## **Colton's Website:**

There have been a few inquiries about the town's website.

Here is the link: <http://coltonwashington.us/>

If you have a business that you would like to add to the Town of Colton's website, please contact Jenni at 509-229-3887.

Uniontown website: If you are a business and want to be included on Uniontown's website, here is the link. <https://uniontownwa.com/businesses/intake/>

## **RV Dump Station:**

The town council has decided to put in an RV dump station on Washington Street. This will go in late summer/early fall.

## **TIB Grant:**

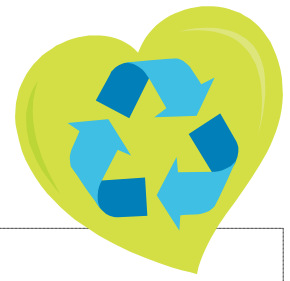

The Town has been awarded \$75,000 to seal coat and crack repair Summit Street, McKinley Street and Union Street. The town council has also approved to pave the Harrison and McKinley Streets. The paving and crack repair projects will begin in late summer. The seal coating will not begin until spring of next year.

## **Council Position:**

Chuck DeMeerleer is moving to Johnson, and can no longer be on the council. The council would like to thank Chuck for his 10 years of service. He will be greatly missed. The council has appointed Scott Miller into Council position 1. Welcome to the council Scott!
