**COLTON TOWN HALL MINUTES**  
**December 2nd, 2025 Continuation**

The Meeting was called to order at 7:00 p.m. Members in attendance were Mayor Jerry Weber, Dot Sharp, Ken Darby, Sam Keller, Cory Cucchiara, Jenni Straughan and Steve Bremer. Scott Miller was absent.

The council was briefed on the DOE meeting today. The Department of Ecology does not have any more funding available at this time. They suggested that the town pursue funding from Public Works or RCAC. After some discussion, Sam Keller motioned that the Town Council rescind the motion that was adopted at the December 1, 2025 regular council meeting to accept Knife River Corporation – Mountain West's bid contingent upon additional funding and authorization from the Washington State Department of Ecology. He further motioned that the Town Council should reject all bids received for the Wastewater Treatment Plant project, as the Department of Ecology has informed the Town that sufficient funding is not available to proceed with an award at this time. Further, Sam Keller moved that Town staff and consultant engineer Keller Associates be directed to work with the Department of Ecology, Public Works Board, RCAC, and other funding partners to identify potential funding solutions and bring recommendations back to Council. Ken Darby seconded the motion. The vote was carried by voice and passed by all.

A motion to close the meeting was made by Sam Keller and seconded by Scott Miller. The vote was carried by voice and passed by all. The meeting closed at 7:28 p.m.
